English

TIENG KIMLANG

UX/UI Designer

About Me

I am a front-end developer from Phnom Penh. I build websites using Next.js, TypeScript, and Tailwind CSS. Now I am learning QA testing like Postman and Cypress. I work carefully, always finish on time, and want to help teams make better software.

Work Experience

Dec 2023 – June 2024

Sabai Code – Phnom Penh

UX/UI Designer & Front-End Developer

- Designed wireframes and prototypes for a knowledge-sharing platform
- Developed responsive pages using Next.js, TypeScript, Tailwind CSS, and Storybook
- Collaborated with teammates from design to deployment

2024 – Present

Authentic Advance Academy – Phnom Penh

Assistant Marketing/IT & Robotics

- Designed and developed internal school systems using Next.js, TypeScript, Tailwind CSS, and Supabase.
- Built and maintained the school's public-facing website using WordPress.
- Taught robotics to students, focusing on hands-on learning and creative problem-solving.
